PRESS RELEASE

360clean introduces 360greenclean™

360clean sees green cleaning as a major component in the future of cleaning.

Charleston, May 1, 2008: 360clean announced today that the company is launching 360greenclean™. The green cleaning program will begin to be marketed to current and future clients of 360clean during the month of July.

This further demonstrates 360clean's initiative to remain the innovative leader in the commercial cleaning industry. "At 360clean, we want to make sure that we remain innovative in our approach in developing our services while addressing issues that are very important to our environment", said Allison Bodiford, President of 360clean, Inc.

Headquartered in Charleston, SC, 360clean is a privately owned corporation that is expanding nationally through a network of expertly trained owner operators.
