

# PerformancePlus GROWTH STRATEGY

In every successful business, there are many internal departments that make that business successful. The problem for most small businesses is that they cannot afford to have multiple departments within their business...more importantly it takes many years before many small businesses can afford a full-time sales person.

**At 360clean, your full-time sales person is part of your business from day one.**

With the **PerformancePlus** GROWTH STRATEGY program, your business can take advantage of this beneficial program that offers accounts for your business to acquire.

Unlike the status-quo cleaning franchises, we allow our franchise owners to pay for acquired accounts when the accounts are offered to their business.

You will find that there are many benefits of becoming a 360clean franchise owner and this is just another example of our commitment to our franchise owner's success.

For more detailed information, please speak with a representative from our Franchise Support Center.
